Fishing, Hunting & Natural Resources Forum 2010 Legislative Bill Report # 2

The 2010 Session is moving quickly with the first major cutoff coming up early next week where bills not out of their committee of origin are technically dead. All of the bills currently being tracked from the 2009 session (bills introduced last year but not enacted remain technically alive this year. Bills receiving legislative attention so far this session of interest to the sponsors of this report are highlighted in blue.

The committee rooms of the legislature are, put directly, killing fields this session. The budget crisis dominates the session in all ways and all things. Numerous bills, even those with no budget impact, are finding failing every day for the slightest of reasons – in other words even minor controversy on a measure is cause for a bill to die an immediate death. It is, as noted by a long time observer of the process, an election year and there are some very ugly votes coming down the pike and every legislator is looking for ways to minimize voter anger. Interesting dynamics comes to mind. The number of bills remaining on this monitoring list is expected to drop to only a few measures by the middle of next week.

Contacting the Legislature

Contact information for the Senate is located on the internet at <http://www.leg.wa.gov/Senate/> and for the House of Representatives at <http://www.leg.wa.gov/House/>. Partial Veto Message: "Section 53 provides the legislative intent and findings for the wildlife interactions portion of this bill. I am concerned that this section of the bill is overly broad and may lead to unintended consequences regarding expectations of the wildlife interaction program modified by this act. I do not believe that vetoing this section will in any way hinder the implementation of this program."

Partial Veto Message: “Section 7 of Engrossed Substitute House Bill 2327 conflicts with Section 13 of Substitute Senate Bill 6171 that I signed on May 14, 2009. Section 7 eliminates a report on adverse events and incidents at medical facilities because there is no funding for this task. However, Section 13 of Substitute Senate Bill 6171 clarifies that this report is contingent on available funding.”

Partial Veto Messages: Section 955, pages 258-259, Department of Fish and Wildlife, Eastern Washington Pheasant Enhancement Account - this section requires that no less than 80 percent of the funds from the Eastern Washington Pheasant Enhancement Account are to be used to purchase or produce pheasants. Substitute House Bill 1778 which I signed on May 5, 2009, removes the 80 percent requirement, which allows the Department more flexibility for habitat development and other long-term actions to improve pheasant production. For this reason, I have vetoed Section 955.
